TO WHOM IT MAY CONCERN

This is to certify that M/S. ALL ASPECTS supplier and installer of Injectable Sealing Components for concrete structures and Protective Coatings for underground structures, has supplied "Turboseal U" sealing compound to successfully seal underground water leaks through expansion joints in the Evaporation Pond Area in Ruwais Refinery. Applicator in this case was M/S. AWADCO.

Yours faithfully,

Michael Kostiuk
Manager - Engineering & Integrity Department
Ruwais Refinery Division
TAKREER
